RE: Survey – Alcohol sales in retail stores within the community

We've received feedback that our recent survey on alcohol sales may have been misleading. Some members may have felt the question was about the sale of alcohol in general rather than the sale of alcohol in retail stores.

We want to be clear, the goal of this survey was to gather your feedback on having alcohol sold in retail stores within the community.

As a result of this survey, no changes will be made from the previous decision to ban the sale of alcohol in retail stores within the community.

If you have any questions, please feel free to contact Senior Executive Assistant, Melissa Brideau, at melissa.brideau@wahnapitaefn.com.

Miigwech for your feedback and for helping us ensure members voices are being heard.

Sincerely,

Ed Tyson
